NOW, THEREFORE, BE IT RESOLVED, that the following amendments to the Architectural Development Guidelines, attached hereto as Exhibit A, are hereby approved, ratified and adopted as follows:

Section VI.

Site Design Criteria

A. Structures

3. Fences/Gates/Walls/Columns/Archways on Residential Lots

Fences/ Gates/ Walls/ Columns/ Archways shall be designed as an extension of the architectural mass and shall be detailed to unify the entire site design. Use of these elements to enclose space, provide for variety in the scale of exterior space, and to create a series of entrances among outdoor rooms is encouraged. Galvanized steel picket, aluminum picket, wrought iron, stucco box and vinyl fences may be used. All vinyl fences shall meet ASTM standards and wind and NOA codes. The color of all vinyl fences on properties in existence as of the date of recording of this Amendment shall remain white. The color of all vinyl fences for properties in POD/Sub-Association 15, commonly known as The Dunes and any POD/Sub-Association platted on or after the date of execution of this Amendment shall be tan. The color of all metal fences shall be dark bronze or copper. CHAIN LINK FENCES/GATES, WELDED WIRE FENCES/GATES, LOUVERED CONCRETE PANEL FENCES/GATES AND WOOD FENCES/GATES SHALL NOT BE ALLOWED. Where a fence is provided on the rear lot abutting a lake bank the Lot Owner/Builder/Developer shall provide cord grass at a minimum 2', but no more than 4' in width on the upper portion of the lake bank adjacent to the rear lot line. All fence posts shall be set in concrete. No accent or other decorative features may be added to fences or gates. Gates must not exceed 4' in width. Fences must not exceed 6' in height except on the Lakes and Conservation area property lines. Fences 4' in height and composed of vinyl open or view picket fences are permitted at the lakes and conservation property lines with landscape pairings per the landscape guidelines contained elsewhere herein. Any fence on the main street of the community shall have landscape pairings per the landscape guidelines contained elsewhere herein.

All fences around pool and all fences locate at or near the rear property line and shall be 4' in height per the Brevard County pool ad fence code.

No fences will be allowed in the front yard (the entire area between the front of the house to the street ROW, from the side interior lot line to side exterior lot or corner line).

Only on ARC approved tennis courts may chain link fences be used in combination with a black vinyl coating, wind screens, and adequate planting. (The Master Developer may use vinyl coated chain link fence integrated with shrubs and concrete solid panel fences in certain common areas and buffers.)

CBS walls, concrete walls, columns, and archways may be used and shall repeat architectural details, materials, color and texture of the principal structure.

Any and all fence requests must be submitted to and approved by the ARC prior to commencing construction.

Except as specifically amended hereby and/or as may be contained in any prior Association, Architectural Review Board a/k/a Architectural Review Committee, or Declarant, issued architectural approval relative to any Lot(s) within Community, the Architectural Development Guidelines remain in full force and effect as previously promulgated and published, and as same may be further amended or supplemented from time to time.

/

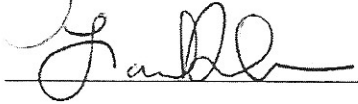

I HEREBY CERTIFY that the foregoing Amendment to the Association's Architectural Development Guidelines for Indian River Preserve f/k/a Walkabout has been duly adopted as of this 23 day of June, 2020.
